Reds Fail to Settle Differences at Confab

MOSCOW (AP) — The accomplishments of communism's summit conference apparently have been minor.

No major manifesto on Communist aims and tactics was announced after the breakup of the meeting Thursday, indicating little progress was made in settling fundamental issues revolving

Laughner Saturday at 9:30 a.m. and the confirmation class (8th graders and older) at 10:45 a.m. St. Patrick's Mothers Club will hold a bake sale Sunday after each Mass in the school hall. 2 Men Sentenced on Contributing Charges

LISBON — Ernest May, 21, Lisbon St., East Palestine, and Richard Faulk, 20, of Negley were each given a two month suspended jail sentence and fined \$50 at a hearing Thursday before Juvenile Judge Louis Tobin on charges of contributing to the delinquency of two teenage East Palestine area girls.

Cecil Blake, 27, of Columbia St., East Palestine, was found not guilty on a similar charge.

Three other contributing charges were ordered filed by Judge To-

ing about the policy of coexistence.

A final communique claimed, however, that harmony prevailed.

(Red China, whose leaders have disputed Soviet Premier Nikita Khrushchev's theories on coexistence, also presented a front of harmony. A Peiping broadcast said the conference was held in a cordial atmosphere and ended in complete understanding, unity and solidarity.)

This outer show of unity had been expected by Western diplomats regardless of whether the Communist leaders reached any fundamental agreement.

The communique, however, was mostly devoted to listing the Communist parties from 81 countries represented.

What went on in more than three weeks of secret discussions, believed to have been sharp at times, was covered in these two paragraphs: "The participants in the conference exchanged experiences and acquainted themselves with the views and positions of each other, discussed the current questions of contemporary international developments and the Communist movement, in the interests of the mutual struggle for common aims of peace, democracy, national independence and socialism, and unanimously adopted a statement of the Communist and workers' parties and also an appeal to the peoples of the whole world."

"The discussion of all questions took place in an atmosphere of fraternal friendship resting on the foundation of the immutable principles of Marxism-Leninism and proletarian internationalism."

By Soviet interpretation, proletarian internationalism means Moscow leadership of world communism.

Red China's delegation at the conference was led by president Liu Shao-Chi. Reports in the Peiping press have indicated he contested the Khrushchev view that communism is now so strong that it can win out against capitalism without war, and that war can and must be avoided. The Red Chinese view is that war is inevitable as long as capitalism exists.

Mail Early Is Advice From the Post Office

Faced with the possibility that the 1960 Christmas season will set an all-time holiday mailing record, Postmaster O. C. Hoover announced today that the "Mail Early for Christmas" campaign was starting immediately.

The Post Office offers these helpful mailing tips to insure delivery of your Christmas cards and gifts on time:

FIRST, check your Christmas card list very carefully. Make sure each address is complete with full name, street and number, city, zone and state.

SECOND, for your Christmas gift packages, stock up now on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape.

THIRD, remember that you can include your Christmas card or letter inside your gift package by adding the appropriate First Class postage to the package itself.

FOURTH, buy your postage stamps now. Don't wait until the last minute when long lines form at the stamp windows.

The Post Office will help you plan your Christmas mailings. Get a copy of Pamphlet No. 2, which

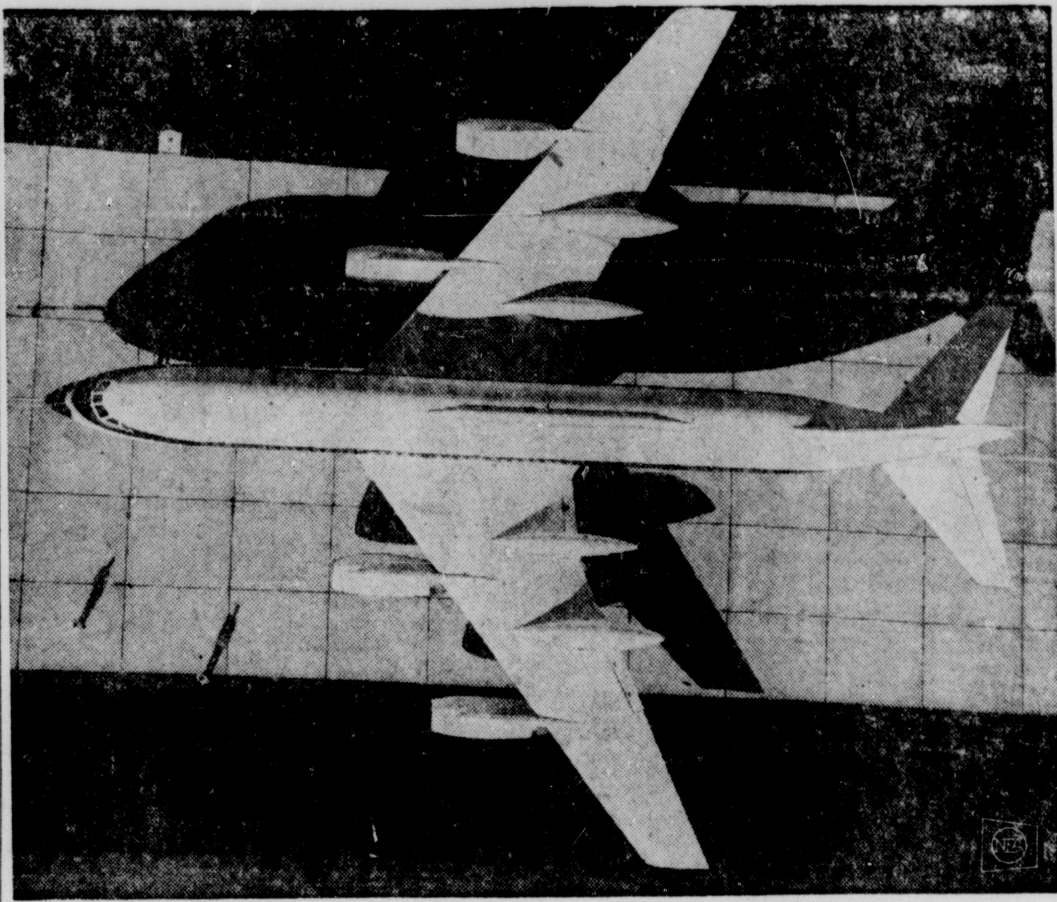

gives full information about proper packaging and wrapping of parcels. The Post Office will also supply free labels which read, "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT OF TOWN DELIVERY," so that you can sort your Christmas cards into two groups, with addresses all facing one way, thus insuring fast delivery.

Use only First Class postage on your Christmas cards. Cards sent by First Class four-cent or seven-cent Air Mail, may include personal handwritten messages. First Class mail also receives full forwarding and return service.

Don't fail to put your return address on every Christmas card envelope. Not only is this socially correct, but it helps tremendously to keep the mailing lists of both you and your friends up-to-date.

The Post Office has hired extra clerks and carriers to handle the holiday mail.

It's best to mail your Christmas cards and gifts for the most distant points by Dec. 10. Those for nearby destinations should be mailed at least a week before Christmas.

SECOND GENERATION JETLINER — The first Convair 990 casts a large shadow at Lindbergh Field, San Diego, Calif. The plane which will fly at 640 mph, has four "speed capsules" on the trailing edge of its wings which minimize the sonic shock wave and its resultant drag. First flight of the second generation jetliner will be in January.

Inside Labor By Victor Riesel

Walter Reuther has passed word on to John F. Kennedy that he considers Sen. J. W. Fulbright a personal, political, national and international

Victor Riesel

insult. Those close to the Detroit Reuther report that he has recently visited Washington talking and campaigning against the gentleman from Arkansas who was being pushed for secretary of state.

Most of the pushing, of course, has been done by Vice President-elect Lyndon Johnson. Thus, there is the making of a feud even before the new Cabinet is born officially. Thus, John F. Kennedy finds himself in the middle as two of the country's best fighters begin jabbing at each other.

Those close to Reuther were not so much surprised by the attack on Fulbright as by the amount of time spent in the assault on the southerner by "the red head."

For several days he did little else but criticize the senator as a "segregationist who would hurt our international relations," if ap-

pointed. Usually Reuther devotes his time to discussion of sociological antibiotics for "our economic ills."

TO SOME of those who observed his stirring of whirlwinds on the international front, there was only one interpretation: Walter Reuther now was satisfied that John F. Kennedy and the White House would be with him in any showdown with the auto industry.

And with all labor, for that matter.

Last week in Washington these observers were split on whether there would be a showdown strike.

Some said the Big Three auto companies Ford, General Motors, and Chrysler—would not stand pat as did General Electric.

Some, however, said they would take on Reuther.

There was general agreement that much would depend on whether the "recession" would end in mid-1961 or later next winter.

There was agreement that the Auto Union leaders were the weathervane men to watch. They won't formulate their demands until next March or April.

If these are "tough" it will mean the nation's prosperity is just around the corner—in the summertime when the contracts expire. If Reuther and company ease their demands, it will mean that the recession has not eased.

REUTHER and his colleagues realize that the industry is in shape to take a strike if it decides to stand solid as did GE, Ford and General Motors will be able to produce cars at a profit abroad even if shut down in the U.S.

Ford, for example, bought up full ownership of the works at Dagenham, England for three reasons.

First, it will make a greater profit abroad.

Second, it will win more and more of the European market as the number of small manufacturers disappear as their counterparts did in the U.S.

Third, Ford will be able to ship its British (and German) cars back into this country. In the event of a long strike it could simply float new autos right into the heart of America via the Great Lakes and southern ports. So could General Motors which has been expanding its Opel works in Germany.

Thus, if the recession lingers until late winter, the industry would be in a far stronger position than the union. However, most economists now expect things to pick up this summer.

In that event, Reuther would shift tactics. But in any event he and his colleagues, in and out of the auto industry, expect the new administration to help him with the shift whether into high or low gear.

Oral Polio Vaccine Delay Predicted

WASHINGTON (AP)—The new oral polio vaccine may do its most effective work in slum, rural and other areas hard to reach with immunization programs, Surgeon General Leroy Burney says.

"There is fear of the needle" in many slum areas, added Dr. A.D. Langmuir, of the Public Health Service's communicable disease center in Atlanta.

"Mothers in such areas, with a whole raft of kids, find it difficult to get down to a clinic to get injections for the children with Salk vaccine. In such areas, an oral vaccine would be very applicable."

Because it acts faster than Salk vaccine, they agreed, the type taken by mouth should be a good bet in apparent epidemics.

They made the comments during a news conference after a meeting Wednesday of the American Medical Association. Burney told the meeting that contrary to earlier hopes, the health service does not expect the new oral vaccine to be generally available before next fall—too late for any protective value in the 1961 polio season.

He urged a stepped-up effort to immunize many more people with

Salk vaccine, which must be injected with a needle, without waiting for the oral vaccine, which can be given as pills or in sweet-tasting cherry-colored syrup.

Federal Aid to County Lunch Program Cited

LISBON — The federal government spent \$80,085 in support of lunch and milk programs in Columbiana County schools during the 1959-1960 school year, Dr. Wade D. Bash, chief of the school lunch program for the state of Ohio, reported to Supr. James L. McBride.

He said \$37,732 was spent in the five county districts, \$21,477 for lunches and \$16,255 for milk.

County-wide, 27 rural, village and city schools received \$41,322 for lunches and 49 schools received \$38,763 for milk.

Total federal participation in Ohio school lunch and milk programs came to \$7,277,528, including \$3,330,742 for lunches at 2,090 schools and \$3,946,786 for milk at 3,143 schools.

COURT SCHEDULE CHANGED

The Northwestern Area Columbiana County Court will be closed on Saturdays until further notice.

Mrs. Ida Austin, court secretary, said the office will be closed due to the illness of Judge Luther Donbar who is in Salem City Hospital. His wife also is a hospital patient.

County Nurses Hear Speaker, See Slides

LISBON — Miss Edith Myers, nurses consultant of the northeast district of Ohio Department of Health, was the guest speaker at the meeting of the Columbiana County School and Health Nurses Assn. Wednesday at the Court-house.

Miss Myers showed slides and talked about the tour he took last summer through European countries and Russia, sponsored by the World Health Organization.

Mrs. Violet Peterson, county nurse, and Mrs. Millie Ashbridge, both of East Palestine, were re-

elected chairman and secretary of the group for the coming year. The next meeting will be Jan. 18 at the Salem Memorial Building with the Salem nurses in charge of the program.

Gifts Sought for Boys At Industrial School

LISBON — An appeal has gone out again this year to local organizations for gifts for the more than 800 boys at the Boy's Industrial School at Lancaster.

Columbiana County has six boys at the school at present, Supt. T. L. Fultz said a list of gifts suitable for the boys can be secured at the juvenile court office, along with their ages.

Session Called 'Most Cordial'

Archbishop of England Meets With Pope John

VATICAN CITY (AP) — Pope John XXIII today received the Archbishop of Canterbury in an hour-long meeting, the first in history between a pontiff of the Roman Catholic Church and a primate of the Church of England.

After the historic meeting, both the Vatican and Church of England released carefully worded communiques.

That issued for the archbishop, Dr. Geoffrey Fisher, said Pope John expressed his great desire to increase "brotherly feelings among all men, and especially among all Christians."

Both communiques stressed the cordiality of the meeting, the 79-year-old pontiff met the 73-year-old archbishop on the threshold of his private library, where the historic meeting was held.

They shook hands.

Then Pope John ushered his distinguished visitor to the center of his studio, a large brilliantly lighted chamber. They took their places at the center table, usually reserved for meetings of the pontiff and important personages.

A statement issued on behalf of the Archbishop of Canterbury said he "was able to give His Holiness some of the impressions which he had gained from his recent visit to Jerusalem and Istanbul, which were of special interest to His Holiness in view of the fact that as apostolic delegate at Istanbul for 10 years, he (the Pope) had close personal experience of the religious situation in the East."

"His Holiness expressed to the archbishop his great desire — as he did on many other occasions — to increase brotherly feelings among all men and especially among all Christians, and the archbishop confirmed out of his own knowledge and experience how keen and widespread was the desire in many churches to act for the same purposes."

The statement said further: "It was never intended that this should be an occasion for consideration of particular problems or issues, and the meeting retained throughout the character of a meeting of courtesy. It was marked by happy spirit of cordiality and sympathy, such as befitted a notable event in the history of church relations."

With the Pope and the archbishop was Msgr. Archbishop Antonio Samore, secretary of the Congregation for Extraordinary Ecclesiastical Affairs of the Roman Catholic Church. He speaks English and served as interpreter.

Both communiques indicated that the meeting between the two Christian leaders was most affable, but because of its delicate nature, the official wording was guarded.

The archbishop left Vatican City at 1:16 p.m., an hour and nine minutes after entering the city.

Pope John, who has just passed his 79th birthday, is the supreme pontiff of the world's 500 million Roman Catholics.

It was the first such meeting since King Henry VIII of England broke away from papal authority in the 16th century.

The archbishop, 73, who suggested the meeting, came here from visits to Orthodox Church patriarchs in Jerusalem and Istanbul.

Arrangements for the archbishop's visit were simple, unmarked by the fanfare that accompanies official visits of heads of state to the Vatican.

The archbishop, when asked before the meeting what would be discussed, said simply: "We shall talk about nothing and about everything. We will talk in terms of Christian friendship and courtesy."

MS Christmas Tags To Aid Local Victims

The multiple sclerosis Christmas gift tags are now being sold through local stores and civic organizations. Proceeds from this year's sales will be used by the Columbiana County MS service for patient aid in the county.

Seventeen local patients are registered and some assisted with the crafting of the Christmas cards into saleable tags. Other groups who donated time and skills to the MS program are: Senior Citizens, Order of Eastern Star, Women's Association of the First United Presbyterian Church, Wesleyan Service Guild of the First Methodist Church, Youth Fellowship of the First Baptist Church, Progressive Mothers Club, Junior Mothers Club, and Sal-Co Chapter, National Secretaries Association.

Tags may be purchased at the First National and Farmers National banks, Home Savings and Loan, Schwartz Memorial Building and the Central Clinic.

Almost 10 million people belong to trade unions in Great Britain.

Mobutu
(Continued From Page One)

Lumumba will have to answer for his acts."

"Lumumba will be brought back to Leopoldville to face trial," he said.

Mobutu said a plane has been sent from Leopoldville to Lubumbashi to collect Lumumba and the four persons arrested with him. There is no airfield at Port Francqui large enough for that plane to land, so a smaller plane probably will deliver Lumumba and the other prisoners to Lubumbashi tonight or Saturday.

Among those arrested with Lumumba was Anicet Kashamura, Communist-leaning information minister in Lumumba's deposed government.

Mobutu said Lumumba would be tried or incited the army to rebellion and other "common law crimes."

He said he had received information that the population of Port Francqui booed and jeered Lumumba as he was escorted through the town and called him "Judas and traitor."

The arrest, he said, was made by a company of 180 military police stationed at Port Francqui. Lumumba reached the Kasai River port by automobile after a desperate four-day flight across the wild bush country east of the capital. Port Francqui is some 50 miles in a straight line from Leopoldville, but the distance of the tortuous jungle tracks is much greater.

Mobutu claimed the area is completely under the control of his men. He expressed confidence his orders would be obeyed to the letter and that Lumumba would arrive in the capital within a day or two.

He said he would call off the nationwide hue and cry for Lumumba's followers, issued after Lumumba's flight Sunday.

"Now that I have Lumumba and Kashamura, that is all I need," he said. "The others are no longer any danger."

After Lumumba was ousted as premier by Mobutu in mid-September he remained in the official premier's residence. The United Nations gave him a protective guard but this was withdrawn after he slipped out of the house Sunday night. He eluded Congolese soldiers assigned by Mobutu to keep the ex-premier from es-

caping. Mobutu held a warrant for his arrest.

The U. N. spokesman said Lumumba could expect no United Nations protection outside of the capital.

Kennedy
(Continued From Page One)

will discuss this at once with the Eisenhower administration.

Kennedy said the nation and the administration are fortunate to have a man of Bell's experience.

"I am delighted he has been able to arrange his affairs so he can come with us," Kennedy said. Bell's salary will be \$22,500 a year.

After announcing the Williams appointment Thursday, Kennedy met with Robert A. Lovett, a Republican who was secretary of defense and under secretary of state in the Truman administration.

Kennedy strongly indicated he had tried unsuccessfully to persuade Lovett, now a New York investment banker, to serve in the new Democratic regime.

"I would love to see him come back," Kennedy said, adding that "it is a great regret to me that he has retired" from further government service.

Ribicoff likewise was present when Kennedy announced he would head the Welfare Department—an agency which will have a key role in preparing for Congress the new administration's programs in the fields of medical care for the aged, social security generally, and aid to education.

Ribicoff's term as governor has two years to run. He plans to resign when his nomination to the \$25,000-a-year Cabinet post is confirmed by the Senate.

The Connecticut governor spearheaded Kennedy's unsuccessful bid for the Democratic vice-presidential nomination in 1960, and this year he was Kennedy's floor manager at the party's national convention.

Another Kennedy caller was Rep. Stewart Udall, D-Ariz., who has been mentioned as a possible choice for secretary of the interior.

Udall said Kennedy asked the congressman to see him again next week.

GOP Probes Vote Results In Illinois

CHICAGO (AP)—The Republican national chairman headed into the thick of the Illinois post-election ballot battle today.

The chairman, Thurston B. Morton, who is directing his party's investigation of vote fraud charges, arranged a news conference at the quarters of the Midwest Volunteers for Nixon-Lodge.

At City Hall, a check is being made of paper ballots cast in 906 precincts in Chicago and Cook County.

In the first 30 precincts re-examined President-elect John F. Kennedy had a net gain of 60 votes and Richard M. Nixon had a net gain of 43.

But Republican watchers said Nixon had a net gain of 163 votes in the 22 precincts examined. The GOP watchers said they disregarded ballots that were spoiled or improperly marked. The other counters didn't.

Kennedy, on the basis of reports from the state's 102 counties won the state's 27 electoral votes by a margin of 8,849 votes. But Gov. William G. Stratton has said the state's Democratic electors may not be certified by the Illinois Electoral Board if it receives substantial evidence of fraud in the election. Stratton is chairman of the Republican-controlled board.

The board is expected to meet in Springfield next week.

Captain's Wife Taken Off Grounded Ship

TRAVERSE CITY, Mich. (AP)—With his pregnant wife safely on shore, the captain of a battered and leaking freighter grounded on an island in Lake Michigan today considered how to free the ship without harm to it, its cargo or its 12-man crew.

Anasias Trivizas, 29, of Athens, Greece, was taken from the storm-beaten Francisco Morazan Thursday by a boarding party from the Coast Guard cutter Mackinaw.

The plucky woman who is expecting a child in seven months had been on the ship since it grounded on a rock ledge off South Manitou Island in upper Lake Michigan Tuesday night.

She did not want to leave the ship and her husband requested when she complained of pain.

Initial efforts to free the freighter may be made today.

The master and 12 man crew remain aboard.

The Morazan left Chicago Tuesday for Rotterdam.

Dead Man Not 6 Officials Qualify For Commissions

Six county officials-elect have qualified to receive commissions from Gov. Michael V. DiSalle by filing campaign expense reports and paying \$5 fees for the commissions, Frank R. O'Hanlon, clerk of the County Election Board, said today in East Liverpool.

They are Probate Judge Louis Tobin, Commissioner Walter A. Hunston, Dr. William Kolozsi, coroner, Prosecuting Atty. G. William Brokaw, Sheriff Russell J. VanFossan and Engineer Charles O. Snyder.

The election board acts as agent in the collection of the fees, forwarding the funds to Secretary of State Ted W. Brown at Columbus. The secretary of state then requests the governor to issue the commission, which an official needs to qualify for his term.

The secretary of state mails the commissions to the clerk of court's office, where the officials may obtain them.

Four other officials-elect have not qualified for the commissions. They are Clerk of Courts Carl L. Stacey, Treasurer Vincent C. Judge, Commissioner Galen Greenisen and Recorder Richard Blain. All except Brian have paid the commission fee, but they have not filed the expense statements which clear the way for the board to issue a certificate of election.

Joe Sevenich Named to All-Ohio Class A First Team

Leetonia Standout Placed on Defense

Columbiana's Rich Harrold, United's Glen Willis Make Honorable Mention

By FRITZ HOWELL
Associated Press Sports Writer
COLUMBUS, Ohio (AP) — Joe "Jody" Sevenich, Leetonia High's tough 5 ft. 6 in., 180-pound grid star for the past three seasons, today was named to the Associated Press Class A All-Ohio football squad.

A senior, Sevenich was placed on the first team defensive unit as a linebacker. Two years ago as a sophomore Sevenich received All-Ohio honorable mention but an injury during his junior year sidelined him for part of last season. This year, however, Sevenich was better than ever as he roamed all over the field, making a large percentage of his team's tackles.

Another area boy on the first team defensive unit is Lowellville's big tackle, Jim Dovich. The honorable mention list includes such standouts as end Rich Harrold of Columbiana and guard Glen Willis of United.

Some other big prizes for talented hunting collegiate coaches are Sandy Bonvehio, quarterback for Dennison St. Mary's and Tom Duffy of Columbus Rosary, a rock 'em sock 'em tackle.

Bonvehio, 5-11 and 185 pounds, has passed 51 touchdowns since the last two years. This season he carried the ball for 84 points in addition to piloting the club and maintaining a 3.2 scholastic rating.

Duffy stands 6-3 and weighs 210. He runs the 440 in track, is the basketball center, and the No. 1 scholar in his class.

They were named the outstanding back and lineman in the voting, in which hundreds of coaches, sports writers and broadcasters and game officials participated. The selections are regarded as official by the Ohio High School Football Coaches Association.

The offensive backfield is really something. Jim Morrison of unbeaten Crooksville, who scored 79 points and gained 1,139 yards in 179 carries, is at one halfback. The other is Joe Richardson of Akron St. Mary, who counted 154 points and picked up 1,983 yards

in nine games. Bob Hartley of Covington, a B-plus student, is the fullback. Bob stands 5-10, weighs 205 and scored 145 in a 10-game winning streak.

The ends would be great targets for Bonvehio's pinpoint passing. One is John Krynock of Lakeside, 6-3 and a 200-pounder, who

All-Ohio!

Joe Sevenich

caught 31 for 496 yards and averaged better than 40 yards punting. The other, Leroy Simpson of Madison South, is better than six feet tall, and caught 21 aeriels for 558 yards and 10 touchdowns.

Joel Fehlhager, a 235-pounder from Gibsonburg, is the tackle opposite Duffy. The guards, Mark Downey of Crooksville and Dan Cotrell of Covington, are fast and powerful and go over the 200-pound mark. Phil Stortz of unbeaten Butler is the center—and he doubles as middle guard on defense, from where he blocked eight punts this year.

The defensive unit is big and fast, too, and many of its members, including Sevenich, play both ways.

Here they are, the state's football gems from the Class A schools which boast fewer than 150 boys:

Palmer 5 Strokes Behind Leader

WEST PALM BEACH, Fla. (AP) — Arnold Palmer was five strokes off the pace as the second round of the West Palm Beach Open Golf Tournament started today.

The strong boy from Ligonier, Pa., shot a first-round 71 Thursday.

Palmer, who set a record for one season's earnings when he won the Mobile, Ala., Open last Sunday to bring his take to \$73,716, entered the current competition as the outstanding favorite, and his 71 in the first round didn't discourage his followers. Most of his victories have been come-from-behind efforts.

Laurels for the opening round went to George Bayer, Lemont, Ill. He carded 30-35—65 over the 6,745-yard, par 72 Palm Beach Country Club course to lead the field by three strokes.

Trailing Bayer with 68s were Joe Taylor Charleston, W. Va.; Jim Ferree, Crystal River, Fla., and the ageless Sam Snead.

Quebec Aces Regain Touch, Defeat Hershey

By The Associated Press
The Quebec Aces finally righted themselves just when it appeared they were headed for the American Hockey League cellar.

After losing eight straight, the Aces came through with a 4-0 victory over the Hershey Bears Thursday night in the league's only action. The victory boosted Quebec over Hershey into fourth place.

However, it was a costly win as the Aces' star center, Bob Bailey, suffered a broken wrist in the first period and will be out of action for several weeks.

Xavier Cage Squad Prospects Bright

CINCINNATI (AP)—Xavier of Ohio has three players benched by injuries but is still favored to win its basketball opener tonight against Marian of Indianapolis. The Musketeers, after a 17-9 record last winter, have four lettermen in the starting lineup, including 6-foot-8 Jack Thobe. Xavier's best scorer last season as a sophomore.

Coach Jim McCafferty said he thinks the team as good as the 1958 squad that finished with capture of the National Invitation Tourney and a 19-11 season mark.

An Unusual Pet

A muskrat which F. H. Bezdek of near Signal raised when it was so small it had to be fed with an eye dropper now makes a good pet at Bezdek's Boulder Spring Farm.

The wife of the Salem High School biology teacher shows off the animal in the two pictures above. In the bottom photo shows has a live fur piece.

Mr. Bezdek, who raises and sells fish commercially, has been pestered by troublesome muskrats from time to time. They would burrow continually into his retaining dams. It was in digging out an adult rat that he found three babies with their eyes not yet open. Two died but the third grew, and contrary to normal actions, has made a fine pet. It even plays with the Bezdek's two pet chihuahuas and a persian cat.

Agree to End Feuding

Major League Brass Reach No Decision on Expansion

By JOE REICHER
Associated Press Sports Writer
ST. LOUIS (AP) — Major league baseball's battle-weary brass, after a no-decision session in Louisville, arrived today hoping to establish harmony out of the chaos caused by their constantly changing expansion plan.

The trustees of the game, mindful of the public's growing suspicion and distrust, were determined to put an end to their feuding and agree on sound expansion

programs for both major leagues. President Joe Cronin of the American and Warren Giles of the National League are prepared to introduce at the three-day sessions starting Monday several amendments designed to clear the way for AL expansion to 10 teams next year and the NL to 10 teams in 1962.

The amend menstaietamedRAD The amendments are aimed at modifying Rule 1 which stands in the way of the AL moving into Los

Angeles, and the NL returning to New York. Rule 1 reads that unanimous approval of all major league clubs is required when a league wishes to open shop in a city occupied by another league.

Walter O'Malley, head of the Los Angeles Dodgers, thus blocked the AL's invasion of his territory. Commissioner Ford Frick, in whose offices the amendments were drafted after nine hours of conferences, hopes at least one will be acceptable to both leagues.

Nature of the amendments is known only to Frick, the two league presidents and their attorneys.

The National League looks with disfavor upon the AL proposal for two nine-team leagues in 1961 playing an interlocking schedule. The NL is expected to reject this plan Monday.

Also, if the AL decides to operate 10 clubs next year, the last city will be Los Angeles, not Houston or Toronto. A week-long rumor that the AL was secretly planning to move into Houston, where the NL has placed a franchise for 1962, was scotched Thursday by Frank Lane.

The general manager of the Cleveland Indians said he talked with virtually every AL club owner and not one expressed an interest in going to Houston.

Also to be tackled here is the indemnity battle between the American Association and the old Washington club over the Senators' invasion of the Minneapolis-St. Paul territories.

The AA demanded \$1,600,000 damages Thursday and rejected Calvin Griffith's latest offer of \$200,000.

The minor leagues concluded their four-day convention in Louisville Thursday.

They set up machinery committing new teams in the majors to have working agreements with minor league clubs, created a deadline for settling territorial disputes, extended the first-year draft rule and put a compromise college player rule in the books.

Lucas Hoops 29 as Buckeyes Smash Ohio U.

Bobcats Fall 85-64 to Rugged Defending NCAA Champions

Cincinnati, Youngstown Teams Also Make Successful Cage Debuts

By BERNIE GOULD
The Associated Press

All that "hoop-de-do" in Ohio Thursday night signaled the start of the basketball season in earnest, and there was plenty of oomph under the hoops.

Take Jerry Lucas, for instance, Ohio State's All-America. The 6-foot-8 junior was doing what he has been doing ever since he gained prominence at Middletown High School—making baskets like a professional weaver. Lucas hooked in 29 points as he and his defending national champion teammates clipped Ohio University's Bobcats to the tune of 85-64.

That was one of 15 games on Ohio courts and two others involving Buckeye State cagers were played out of state.

In all, there were eight interstate games involving Ohio teams and the Buckeye quintets won four.

Some of the top games included: Cincinnati, without graduated Oscar Robertson, chopped up Indiana State 90-51; Dayton's Flyers, always a potential powerhouse, winged their way to a 88-68 victory over Manchester of Indiana; and Wittenberg, Ohio conference champs the past two years, overran Transylvania of Kentucky 71-40.

Buckeyes Hit 47.2%

But it was Lucas & Co. that drew the big spotlight as the No. 1 team in the country last year continued its winning ways. The Buckeyes hit on 47.2 per cent of their shots from the field to the Bobcats' 32.9 per cent.

Lucas scored 16 points in the first half, 13 in the second, set up

countless other baskets and sat out the last 2 1/2 minutes. He hit on 11 of 19 from the field, 7 of 8 from the free throw line and picked off 20 rebounds.

By halftime Ohio State had built up a 40-26 lead. The Bucks continued their assault after intermission but Coach Fred Taylor kept his regulars in the lineup until the closing minutes because the fired-up, although shorter, Bobcats repeatedly cut State's lead.

It was the height advantage that helped OSU outscore the Bobcats 52-38.

Ohio State had two other players in double figures, Mel Nowell with 15 points and Larry Siegfried with 14. Ohio U. had four men in the two-figure bracket, led by 6-2 Eunk Adams with 18. But it was Bobcat Bill Whaley who really got Lucas' goat with his ball-stealing antics. Whaley chipped in with 12.

The game, witnessed by some 6,500 persons, formally dedicated the Brandon T. Grover Physical Education Center at Ohio U.

Bearcats Roll Without Big O

Elsewhere on the cage scene: Paul Hogue, 6-foot-9 Bearcat, scored all but six of his 23 points in the first half as Cincinnati built up a 44-20 halftime lead, then coasted to victory over Indiana State.

Wittenberg registered its 17th straight win over two seasons and its 38th straight home court victory over a five-season span in downing Transylvania. The Tigers took an 11-1 lead and were on their way.

Five Dayton players scored 10 or more points in the triumph over Manchester, but the Spartans' Dick Juillerat took scoring honors with 30 points. The Flyers went to an early 9-0 lead, fell behind briefly midway through the first half, then surged back.

Bowling Green, playing its first game in its new million-dollar Memorial Hall, led by only four points at the half but then scored 23 points in one flurry to Hillsdale's one and handed the Michigan team its second straight loss, 79-45.

Ken Franz hit a jump shot from the corner as the final buzzer ended an overtime period to give DePue an 82-81 victory over Otterbein.

Marietta's cagers, paced by Carl Wolfe's 25 points, gave their new coach Don Kelley a fitting debut in overpowering Rio Grande 88-56.

Youngstown Whips Ashland Larry Auger took the game's scoring honors in garnering 24 points for Ashland, but the Eagles bowed 95-84 before Youngstown.

Oberlin got off to a fast start, held a 42-22 lead at intermission and crushed Fenn 85-46.

Denison trailed 40-36 at the half and by 52-42 at another point but came back to beat Wilmington 59-58 on the basis of four shots.

Pikeville of Kentucky, paced by Dennis Butcher's 28 points, led all the way in downing Muskingum 85-65.

Miami went to a 21-point halftime lead and, with superior height and better shooting, easily overran Heidelberg 90-56.

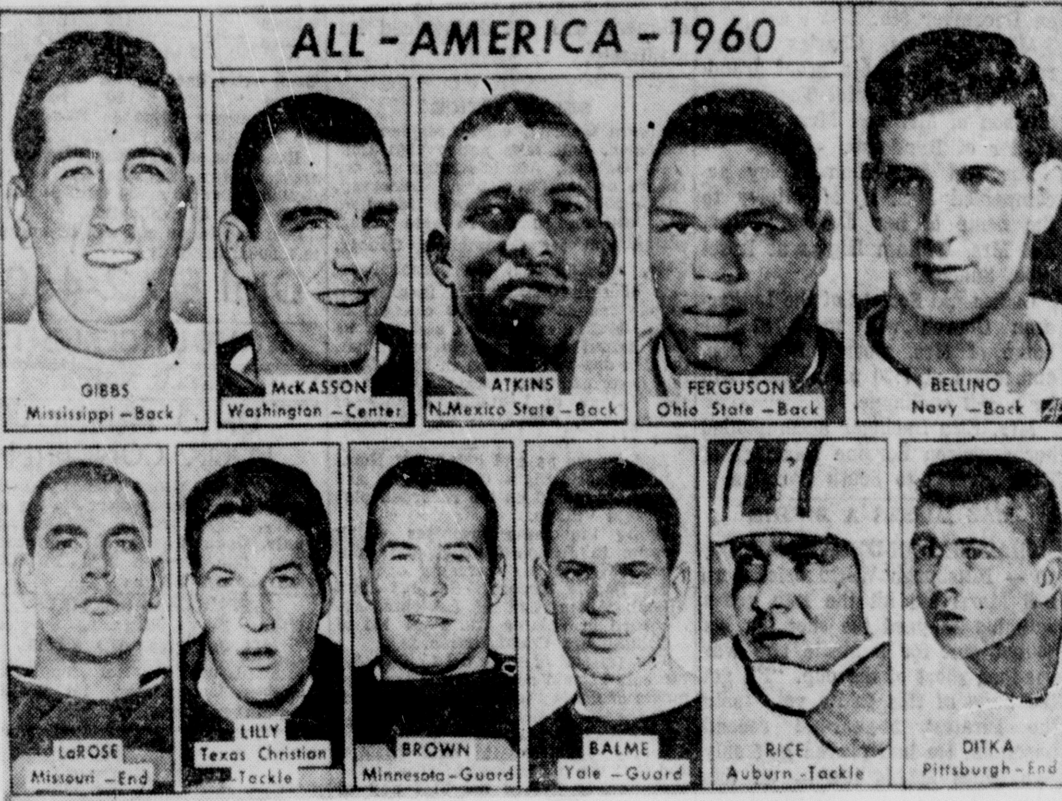

Kenyon, after trailing the entire game, jumped ahead of Ohio Wesleyan 65-64 with 3:04 remaining. But it didn't last. Ray Slabaugh hit a free throw to tie it, then a set shot to break the tie, and OWU won the Ohio Conference opener 70-67.

Norris Smith with 24 and Dave Jeremiah and Sam Canine with 22 apiece combined for 68 of Cedarville's points in a 98-70 thumping of Wilberforce.

Other games saw St. Francis (Pa.) edge Steubenville 61-60; Geneva (Pa.) roll by Malone of Canton 98-45; and powerful St. Bonaventure outclass John Carroll 109-45.

Point left foot at the pins.

The finishing touch is as important in bowling as it is in all action games.

If you're not in proper position when you release the ball, you will be disappointed at the results. That's the reason I always try to duplicate the foul line form I used in becoming a triple crown winner in the American Bowling Congress Tournament.

Point the left foot at the pins, bend the left knee and keep the shoulder parallel to the line.

These points are vital to proper balance and accurate ball release.

Browns Ready for Redskins

Mitchell III; Gautt May See More Action

CLEVELAND (AP) — Rookie is in trouble and some of the play-halfback Prentice Gautt, the former Oklahoma star, may see action in the Cleveland Browns' last three games of the season.

This was indicated Thursday by Coach Paul Brown, who expressed satisfaction with Gautt's performance against the St. Louis Cardinals last Sunday in his first starting role.

"He's a fast starter," the coach said. "Gautt probably gets to the line of scrimmage faster than Bobby Mitchell. He's a hard runner, too. It's a good change of pace."

Gautt was doing all the running from the halfback spot Thursday as the Browns concentrated on defense in preparation for their game with the Washington Redskins at Municipal Stadium Sunday.

Mitchell became ill after checking in at League Park, but he didn't have a fever and was believed to be suffering from an upset stomach.

Gern Nagler, whose running and pass catching has brought him numerous bumps and bruises, spent the afternoon in the training room.

Brown said he expects Cleveland to run into a steamed-up Washington football team Sunday afternoon.

"I can see it coming," he said following Thursday's workout. "There are various ways of getting a team ready for a game."

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I have had shock treatments. Many of my relatives think this means I was insane. They also have the notions that anyone who goes to a psychiatrist is out of his mind.

Why is there so much ignorance about mental health in this day and age? Why do people shun treatment, drag themselves around for years half alive, because they are afraid of what people will think if they get therapy?

Two years ago I went into menopause and became so depressed I didn't care if I lived or died. With the help of prayer, a good doctor and an understanding husband I feel like a human being again.

If I had a million dollars, Ann, I would give it to you to print this letter. That's how badly I want to get this message across. If it could help just ONE person—it would be worth it. —SHOCKED.

Dear Shocked: If you had a million dollars and gave it to me I'd give it back! Here's the letter and it should help more than just one person because about 40 million people will see

it. I am grateful to have the chance to print your letter and I hope it will encourage others to seek the help they need.

Merry Widow

Dear Ann: I'm a widow in my late 50s but I'm in excellent health and have a variety of interests. I don't care for night clubs, drinking or gambling.

My grandchildren laughingly (and lovingly, I might add) call me an antique. They say I ought to streamline my ways a bit so I'll get a man.

My own daughter made the serious suggestion that I smoke a cigarette or two in a crowd and take a highball, just to show folks I'm not a stick-in-the-mud.

A friend suggested I darken some of the gray streaks in my hair.

Frankly, none of this appeals to me. Am I wrong? —OLD FASHIONED.

Dear O.F.: No—THEY are there's a market for fine "antiques", so hold out till you find someone who appreciates your real value.

Smoking, highbaling and hair-tinting would be out of character for you. I like these two lines—and maybe you will, too: Taste or preference we cannot measure. One man's "junk" is the next man's treasure.

Girls' Ability Lowered in Life Cycle

A disappointed mother asks if menstruation has any effect on a student's ability to pass an examination. Her daughter, she explains, took college entrance tests during the week of her period and failed to obtain grades that did justice to her scholastic ratings throughout the term.

If I'd been asked this question a few months ago, I'd have answered in the negative. From the testimony given me by female medical students, nurses, professional

dancers, singers and women athletes (including one Olympic champion swimmer and one holder of national titles in tennis), I had been led to believe that menstruation was a pretty feeble excuse for a bad performance in any field.

However, a carefully documented study, reported in the British Medical Journal, suggests that I might have been misled by my informants.

AN ANALYSIS of 1,560 weekly marks of 217 boarding school girls, between the ages of 11 and 17 years, showed that one in each group of four girls earned lower grades just before and during the days of her period.

Immediately following menstruation these grades rose in almost every instance. And the observer, Dr. Katherine Dalton, concluded that menstruation is a scholastic handicap in about one quarter of those who take important examinations.

A HIGHLY INDIGNANT correspondent from North Carolina wants to know why so much fuss is made about a metabolism test. I assume that the inquiry refers to the Basal Metabolism test (B.M.).
